Reclaim Your Right to Retire.

*A full service provider
of retirement overseas*

Panama Portugal Sri Lanka

RetirementServicesInternational.com

What happened to our dreams of retirement?
Those dreams have been taken away from us
by many causes, some not of our making.

***We at Retirement Services International
believe that this shouldn't be!***

So, we set out to help you reclaim control of your future by developing packages that will allow you to retire overseas.

Specifically, we have developed several retirement packages in each of three locations – **Panama, Portugal, and Sri Lanka**, starting at around \$2,000 per month. By living a high-quality life in one of these beautiful locations on significantly less, ***you are able to save for the future.***

But we don't stop there. We then join you on your journey to "test" whether retirement overseas is right for you.

1. Make a short visit. Our concierge will meet you at the airport, and stay with you for the week to show you the ropes and help with transportation, food, lodging, and logistics. You will tour the area and have the opportunity to meet Americans living their retirement overseas.

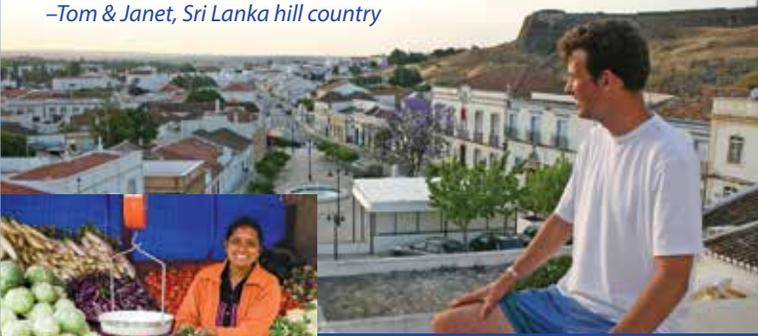

2. Take the next step. RSI will make all of the arrangements for you to "test-drive" a location during a three to six month stay and help you navigate the local culture.

3. Start your overseas retirement adventure! For those who decide to make Panama, Portugal or Sri Lanka home, our concierge remains available to you as you acclimate to your new life abroad.

"We have been extremely fortunate to work with a dependable RSI team who are immediately available to us... Our team currently includes caregivers around the clock, a housekeeper, part time chauffeur and other resources such as home physical therapy called in as needed. We really cannot ask for more!"

-Tom & Janet, Sri Lanka hill country

Some of the services offered to make your transition smooth and stress-free:

- We work with you to develop a plan and a package customized for you.
- We give you a plan for a short term stay in the country of your choosing to "test drive" retiring overseas.
- When you travel to that country, we meet you at the airport and help you through the process.
- Our concierges are always available to smooth out the process and help you with any issues which arise for as long as you are there.
- You will never be "alone" in a foreign country. We are there right by your side.

Don't wait any longer. Let's start planning your overseas retirement today!
